

6 June 2025

Dear parent/carer,

### SCHOOL UPDATE: FRIDAY 6 JUNE

It has been good to be back at school for the remaining weeks of the Summer Term! There are still lots of things going on at Tweeddale, right until the end of term. Please continue to keep up the good attendance until Friday 18 July - every day counts and there is still lots of learning to do so that every child is ready for the step up to their next class. I am currently putting together the staffing allocations for next year and will inform you of this before the term is over. We will also have a special Open Evening on Thursday 10 July to celebrate all the wonderful learning which has gone on this year. The evening is open to all parents and families - from 3.30-5.30pm.

This week there has been a strong focus on music, with a special Music Workshop in the Hall for pupils in Year 2 and 5. I popped my head in to watch and saw some great rhythm going on. There is a lot of musical talent at Tweeddale!

While on the subject of talent, I would like to give a special well done to Averie for her success in the ballet, tap and street dance exams she took in March. She scored the highest grade in each of these areas. What amazing talent! Well done, Averie!

Next week we finally have the start of our swimming sessions at school. It has been a much bigger repair job than we had anticipated with our pool, but it now has a brand new inner liner and eco-friendly heating pump. The water is filled and we will be ready to go on Monday. I am pleased that the weather looks good for a great first week of swimming! My thanks go to Mr. Higgs and the pool repair team for pulling out all the stops to get our pool back and running again!

I wish you all a wonderful weekend.

Best wishes,

Mr. Walters  
Headteacher
