

27 June 2025

Dear parent/carer,

SCHOOL UPDATE: FRIDAY 27 JUNE

We have had a full and fun week at Tweeddale! As I have walked around the school each day, I have been constantly impressed by the energy and enthusiasm which the children bring to their learning. Whether it is sea creatures in Reception or newspaper reports in Year 5, I have seen some great learning taking place!

In Year 4, the highlight of the week was a visit to the magnificent British Museum. It was a full day which really inspired the pupils. I would like to thank all the parents who gave up their time to accompany the pupils on their trip, and also the wonderful staff team who ensured everyone was kept safe and enjoyed the day.

It was wonderful to see so many new Nursery and Reception parents at our Information Evening on Thursday. There was certainly a bubbling excitement among both parents and children regarding their new adventure at Tweeddale! We are arranging a 'Stay and Play' for our new intake next Wednesday after school.

Next week we will also have our 'Move Up Morning', where children will be introduced to their new class teaching team. They will spend an hour in their new class carrying out some simple activities to get to know the staff better. This will take place on Wednesday 2 July, and we will send out some information to parents about the new classes on Tuesday.

Next Monday and Tuesday the weather forecast is for very hot weather. For these two days, pupils may come in their PE kit. Please remember to give your child a sunhat and, if you wish, to apply sunscreen before school.

I wish you all a lovely, sunny weekend!

Best wishes,

Mr. Walters
Headteacher
