Significant Hazards and Current Controls

Risk Rating : if left with High or Medium after the controls, use Action Plan

High = current controls totally inadequate with serious consequences: death(s), serious injury, long-term ill health, or there is a very high frequency of the hazard/hazardous event occurring Immediate action required, may require task to be suspended until issue resolved

Medium = current controls still poor but consequences less serious: minor injury, short-term ill health with no lasting effects, Action required in specific timeframe, normally within 3/6 months, may be sooner dependent on how serious an issue it is

Low = current controls are adequate to minimise the risk so far as reasonably practicable, check still relevant at next review date

No	Issue/hazard and what can go wrong	People at risk	Risk Rating before controls – H/M/L	Control measures/ mitigations to be implemented	Risk Rating after controls - H/M/L
1	The management of numbers of pupils returning to school within the designated parameters set within this assessment	Staff and pupils	H/M	<p>Tweeddale has adopted a phased response to returning pupils to ensure all risks can be managed for all stakeholders this includes the number of staff available to return to work safely at any given time. This may result in the school limiting the numbers who can return safely at each phase. Breakfast and late Clubs fully open.</p>	
2	Some staff or pupils may be more vulnerable to complications associated with COVID-19	Staff Pupils	M/H	<p>Levels 1 and 2 GLT policy on staffing to be followed supporting extremely critically vulnerable (working from home) and clinically vulnerable (Risk assessments). Vulnerable staff returning to school will meet with T Jerrom to discuss any special requirements that they have to keep them safe. An individual risk assessment or additional information may be added to this risk assessment as required.</p> <p>Level 3-5 In accordance with GLT guidance - from Jenny Cain, Head of HR:</p> <ul style="list-style-type: none"> • Staff / parents of pupils have been asked to let their Manager/the school know if any of the medical conditions listed in the NHS link provided below apply to them or their household. TJ/KH/AP have lists and KH has been in contact with staff as applicable . • Employees who are considered clinically extremely vulnerable (due to certain medical conditions) are strongly advised to stay at home at all times and avoid any face-to-face contact ('shielding'). Employees in this category must therefore not be asked to attend work. • Those who are clinically vulnerable, should follow the advice of their GPs and advise the Headteacher if their needs cannot be met through social distancing measures in school. • It is vital that schools can provide adequate staffing. Staff attendance will be monitored on a daily basis. If staff numbers fall below the minimum requirement 	Currently L, but will need to be constantly monitored

				to meet the needs of pupils and to keep staff / pupils safe, closure of some provision may be necessary.	
3	People with symptoms of COVID-19 creating potential for transmission from person to person	Staff pupils visitors contractors	H	<p>Level 1 Government guidance to be followed regarding those with symptoms of Covid 19 and those who have been in contact with someone who tests positive. Pupils awaiting the results of a PCR test when they have been in contact with a positive case, may still attend the setting (as long as they are not displaying symptoms). Staff who have been named as contacts may still attend the setting whilst awaiting a PCR test result (as long as they are not displaying symptoms and are double-jabbed).</p> <p>Levels 2-5</p> <ul style="list-style-type: none"> 1. Staff and children will need to self-isolate for: a new continuous cough, a high temperature and a loss of, or change in normal sense of taste or smell. 2. They need to self-isolate if they have been in DIRECT contact with someone who has TESTED POSITIVE for coronavirus. If someone goes home with coronavirus symptoms, the government guidance clearly states that you do not need to self-isolate until that person tests positive, even if they have symptoms. If a child goes home with symptoms, we ask the parents to get them tested (PCR) in line with government advice. In the meantime, their class/bubble will carry on as normal. If the result is negative, nothing changes. If it is positive, we will inform the health authority and shut down the class / bubble and all staff/pupils will be advised to self-isolate. <ul style="list-style-type: none"> 3. Staff to be supplied with Lateral Flow Test kits and complete twice a week. Result to be recorded by the school. Anyone with a positive result will need to take a PCR test to confirm the result. <p>Levels 1-5</p> <ul style="list-style-type: none"> Staff, children, parents, carers or any visitors, such as suppliers, are made aware they must not enter the education or childcare setting if they are displaying any symptoms of COVID-19. If anyone becomes unwell in school with a new, continuous cough, a high temperature and/or loss of taste / smell they are sent home/their parents or carer are contacted to collect them and they are advised to follow the government guidance: COVID-19: guidance for households with possible coronavirus infection 	M

				<p>All Levels</p> <ul style="list-style-type: none"> The arrangements for this are discussed in detail in the section of this risk assessment called 'Someone develops COVID-19 symptoms whilst at school'. Children or staff will stay in the Round room until they are picked up from school (School Offices not to be used as not sufficient ventilation and too many possible contacts). The room will be thoroughly cleaned with cleaners provided with PPE for this purpose. 	
4	Stress and anxiety for staff who are asked to return and who are worried about the risks to their health and the health of their family (particularly if living with those who are clinically vulnerable).	Staff	M/H	<p>Levels 1-5 GLT policy on staffing to be followed.</p> <ul style="list-style-type: none"> Risk assessment has mitigated significantly risk of infection for all staff who are returning to work and management of leave. All staff who are extremely clinically vulnerable should have received a letter re shielding. Return to work based upon necessity, how many staff are needed and whether appropriate for individuals in line with our detailed advice in the row above this one, and in line with Public Health guidance. Plans are discussed with staff including on a one-to-one basis to enable people to speak about their own situation. TJ/AP/KH (SLT) discuss with their staff individually - to include consideration as to how working will affect them and what, if any, additional measures are needed. Staff are reminded of the availability of their Employee Assistance Programme. Staff and school have access to official guidance from DfE and Public Health England. 	L
5	The potential for transmission of virus droplets via bodily excretions	Staff and pupils	H	<p>Levels 1-5</p> <p>Staff may wear face coverings when having F2F meetings with outside agencies. (optional)</p> <p>Staff may wear face coverings in communal areas in school (optional)</p> <p>Adults to wear face coverings in the playground for the duration of national lockdowns. (for F2F discussions)</p>	M

				<ul style="list-style-type: none"> ● Risk assessments will be written to support staff who are working with pupils who struggle to maintain good respiratory hygiene (e.g. those who spit) to ensure face-to-face education continues ● Use of PPE as required, including face coverings for visitors and contractors, including parents in Reception. (optional) ● Screen to protect catering staff and stop droplets contaminating food at the serving hatch in the dining hall. ● Government advice is that primary school children do not need to wear masks in school. If children wear masks in school, parents need to provide a secure plastic container for the mask to be kept in during times when the mask is not worn, e.g. PE, playtime and dinnertime. <p>Levels 1-5</p> <ul style="list-style-type: none"> ● EHCP pupils to be risk assessed in terms of potential risk using an agreed scale – based on knowledge of pupils as well as the needs and known behaviours/triggers ● Risk 1 – unable to attend the setting because of the high risk to other pupils and staff ● Risk 2 – some risk to pupils however these pupils are closely monitored and routines of expectation are established quickly through a range of strategies ● Risk 3 – risks can be managed via controls already put in place therefore children are allowed to attend school ● Behaviour Policy Addendum states behaviour expectations and is shared with parents, staff and pupils. 	
6	<p>The potential for transmission of virus droplets from surfaces to the hands and then to the face -</p> <p>Handwashing</p>	Staff pupils visitors contractors	H/M	<p>Levels 1-5</p> <ul style="list-style-type: none"> ● On arriving at school, all staff and pupils are required to wash their hands and/or apply hand sanitiser. Pupils are well versed in the arrangements and handwashing methods, plus their role in infection control. ● On arriving at school, visitors including contractors are required either to apply hand sanitiser provided in reception or wash their hands. ● Prior to visits by contractors, discussions about the school will ensure that visitors are aware of the requirements and contractor requirements relating to relevant controls, including hand washing take place. 	L

	<p>Essential visitors</p> <p>Use of equipment including pens, keyboards</p> <p>Cleaning</p>			<ul style="list-style-type: none"> • All staff and pupils are reminded to wash their hands regularly during the day, especially before eating, and drinking and to avoid touching their nose, mouth or eyes. This is part of the timetable and shown visually for all pupils • Recommendation for EYFs is washing hands after every activity • NO use of all water fountains (Sept 21) <p>Levels 1-5</p> <ul style="list-style-type: none"> • All classrooms used have sinks with hot and cold water plus soap available and HAND SANITISER is in all classrooms being used • Ensuring good respiratory hygiene - promoting ‘catch it, bin it, kill it’. • Pupils and staff are encouraged to close toilet lids (YR1 - YR6) before flushing which will need to be supervised in EYFS/Y1 until routines are clearly established • First aiders have access to local handwashing facilities/hand sanitiser and located in each classroom with their own First Aid kits including relevant PPE • Staff, pupils and contractors use their own pens and stationery where possible, not sharing items with others. • Staff encouraged to use Touch screen sign in equipment with their knuckle and to use hand sanitiser. Handwashing procedures to be followed after signing in. • Increased cleaning of frequently touched surfaces using standard cleaning products as provided by Mr. Higgs – sprays and wipes for bodily excretions if spitting etc. seen by practitioners <ul style="list-style-type: none"> • Cleaning checklist– signed by cleaning staff and monitored by Site manager <p>Levels 2-5</p> <ul style="list-style-type: none"> • Each child has own chair (YR1- YR6) • All soft toys and soft furnishings to be removed from all classrooms to be used • All unnecessary furniture to be removed from designated classrooms for use to ensure that pupils are able to move around without contact and to minimise the number of surfaces that can be touched • Resources available in all settings limited to ensure strict cleaning protocols can be maintained
