

Dear Parents/Carers,

Due to the rise in children being tested for Covid, we as a school have now created a designated address to send your child's test result to. When you receive the result, please send it to this address only. It will be checked on a daily basis.

There will also be an increased need for remote learning as more children self-isolate whilst waiting for a covid test. With this in mind, we have also created an email address where you can contact us if you are having general technical issues around using Google Classroom. Please do not use this email if it is a question around the work being set by the classteacher. You will need to email them directly in that case.

The email addresses are as follows:

For reporting covid test results: **covidtest@tweeddale.org**

For technical support with remote learning: **remotelearning@tweeddale.org**

Thank you for your continued support.

The Tweeddale Team
