

Dear Parents/Carers,

Online Safety Workshops

In the light of the need for increased awareness of children's safety online, I would like to remind you that the school will be running '**Online Safety Parenting Workshops**' on **18th June** in the **school hall**. The first session will start at **09:00** and the second will be after school at **18:30**. The session will last about an hour and will be run by a highly experienced online safety expert. We would highly recommend attending these sessions in order to increase your knowledge on keeping your children safe when online.

Major gas works down Tweeddale Road

We have received a letter from the London Borough of Sutton regarding local road closures.

We are writing to make you aware of our forthcoming upgrade of our gas network in the Tweeddale Road area of Carshalton. This essential work involves the replacement of old metal gas mains with new plastic pipe to ensure we continue to provide a safe and reliable gas supply to the local area.

So that we can minimise disruption, we have carefully consulted and planned our works in close partnership with London Borough of Sutton Council. We have agreed to start our work in Welbeck Road and Whitland Road on Monday **4th June**. Our work is expected to last approximately **10 months**.

When we are working in Tweeddale Road, we will need to temporarily close the road in one direction to ensure everyone's safety around our work area. Motorists will only be able to travel one way along Tweeddale Road and a signed diversion will be in place in the opposite direction.

More information and project updates can be found on our dedicated project page at:
